These blanks, to be brief, are warranted to be perfect in wording, printing, quality of paper and all other essentials.

Big reductions made on lots of 500 or more.

The blanks here named will be added to constantly until we can supply every blank needed at the land office, whose printing by us is justifiable on business grounds. We mean precisely what we say, and wish every atom of Saxon in this statement to have its full weight: We are not to be bucked off the track by foreign opposition. We buy our printing paper in Kansas, and, as a rule, send for nothing outside of the state which can be had within it. When we know we are getting an article reasonably, we don't haggle about prices either. We aim to assert, in letters of living light, to be observed especially by land attorneys in this land district, that if any foreign agency offers bargains, you can, upon authenticating properly its offer, have it duplicated right in this office!

Don't send away for what you can buy reasonably at home. That is not the way to build up a country!

If land agents will not work for the region of country in whose lands they deal, who can be expected to do so?

Cash must accompany all orders. Yours regularly,
